

PYRAMID ENERGY has been known about for thousands of years, ever since the days of Egyptian Pyramids. NATURE creates PYRAMID ENERGY wherever there is a 4 sided Pyramid shape, which includes a Pyramid Pendant. In the Egyptian Pyramids, mummified bodies of Egyptian royalty were examined 3700 years later - and no evidence was found of any infection, Inflammation or rotting flesh. Skeletons were still intact, instead of decaying into dust at room temperature. Pots of whole wheat grains were also intact, and jars of edible honey were also found. The PYRAMID ENERGY had PREVENTED TOXINS from causing any decay or rotting. The Revolutionary application today is - That we don't need to be inside a Pyramid shape, but can absorb the same PYRAMID ENERGY from a Pyramid Pendant. This the travels all round our body, including the Brain. This is most relevant because the PYRAMID ENERGY PREVENTS the Hypothalamus Master Gland from becoming dysfunctional. Also, something that man can not do - it also Rejuvenates cells, This quickly helps restore the Hypothalamus, which initiates the production of any

8. PYRAMID ENERGY 1

- * **PYRAMID ENERGY** has been known about for thousands of years. Today there are scientists even building large ones a couple of stories high, out of aluminium, to experiment and even to use as a healing centre - as the one in central Asia.
- * The fascination of what it is and what it actually does is evident by many people around the world building their own little model and experimenting.
- * Of course there are the sceptics, like the Mythbusters video, setting up an experiment and saying it didn't work - so Pyramid Energy is nonsense. They clearly had an agenda before they started of what their outcome was going to be.
- * I have had people on the Internet tell me that my **Pyramid Energy** stuff is nonsense because it can not be proved by science. Well they are wrong! I am actually the first person in the world who has scientifically proved that Energy is real.
- * I purchased the latest **medical diagnostic hardware** / Brainmaster that doctors and health profession use all over the world - inhouse to help diagnose patient symptoms, instead of sending them to hospital for similar results. I also have 4 lots of cutting edge **diagnostic software** such as Neuroguide, whose Instruction manual is over 700 pages. - specifically to do Brain scans related to **Pyramid Energy**. One of the interesting ones is measuring the effect of **synthetic chemicals** in different **foods** on the Neurons or Brain cells in the **Hypothalamus Master Gland** area of the Brain.
- * The **Hypothalamus** receives electrical messages from the **Nervous System** where and what is not working. Then it sends out chemical instructions to other Master Glands and organs to produce special cells such as **Hormones** to fix the problem.
- * This **CEO / computer chip in our Brain** is well known by medicos, but not usually in the frame of treatment, mainly because the symptom is the focus. There are a bunch of gerontologists who have been for many years trying to produce Master Gland supplements - hoping to rejuvenate them - but for the goal of increased longevity, rather than actual health or quality of life.
- * **Today's Health bottom line** is that maintaining good health and preventing disease is now dependent on how functional the **Hypothalamus** is - and that is dependant on whether any **TOXINS** are disrupting it.
- * Problem is - what do you treat an **Inflamed Hypothalamus** with - you can't use chemotherapy or anything that will further damage the **Hypothalamus**.
- * Now we come to the most useful application of **PYRAMID ENERGY** - it **Neutralises all TOXINS** and doesn't harm any healthy cells. This is only possible with **NATURE'S PYRAMID ENERGY** - not by any human means.
- * The brain scans, while wearing a **Pyramid Pendant Gemstone** - clearly demonstrate dramatically **enhanced connectivity** between **Neurons** in the **Hypothalamus** area - again, not possible by any human means. This is because it is not just about stimulating the Neurons - but in the **full frequency range** - indicating that they are actually **rejuvenating**.
- * **PYRAMID ENERGY is real and revolutionary**. We can see the **scientific proof** on brain scans - physical results from people **testimonials**. **NATURE** is the hero, and readily available. Man is clever, but now needs **Nature** to help maintain health.
(see my Medicine Magic Video).

- * **Recently, a stray dog ventured into an Egyptian Pyramid and got lost somewhere in the many passageways, and sadly, never came out.**
- * Its dried out carcass was found a few weeks later - with no signs of any rotting flesh - at room temperature. The **PYRAMID ENERGY** inside the Egyptian pyramid - had **PREVENTED** any **TOXINS** from attacking the body of the dog. It was probably malnourished and died of starvation.
- * Many years ago, in my early days of pyramid research and experimenting - I placed some jars of natural skin cream that I had made, inside my large copper tubing Pyramid. They had very strong adhesive labels that were impossible to lift off.
- * After a minute - the labels curled up and fell off! The **PYRAMID ENERGY** inside my Pyramid detected some **TOXIC** chemical in the adhesive glue - **Neutralised** it - and made the glue ineffective.
- * This is the same **PYRAMID ENERGY** we absorb into our skin - when wearing a **Pyramid Gemstone Pendant**.
- * **ALL TOXINS** - both Pathogens and Synthetic Chemicals are **Neutralised** in our body - so they can not develop any further - and any New **TOXINS** are **PREVENTED** from accumulating.
- * This is **NATURE'S** revolutionary gift to help us **STAY HEALTHY**.
