

Some HEALTH BENEFITS that I have experienced by absorbing PYRAMID ENERGY from a PYRAMID PENDANT - that anyone, at any Age can also get.

[ADD TO CART](#)

- I lost my pot belly 18 kb / 40 lb in 3 weeks, using SUPERFOOD and wearing a Pyramid Pendant. The very Low calorie SUPERFOOD is High in Nutrients - and the Pyramid Pendant helped Rejuvenate Hormones that the Liver needs to break down Fat and Toxins and not get stored in normal Fat tissue and create more weight gain.
- I have not had a Cold or Flu for over 12 years, and am not ever going to get one again, while I am wearing a Pyramid Pendant.
- I used to get severe cramps when waking up on cold winter mornings - but never since absorbing PYRAMID ENERGY.
- I often had digestive problems after some meals, but doesn't happen any more.
- I picked up some bug that weakened my Immune System, and suddenly got Rheumatoid Arthritis, which has a horrible, weird pain It was painful to bend down and go up and down stairs. Luckily, I was just starting to experiment with Pyramid shapes, and as soon as I started to absorb Pyramid Energy - the RA pain disappeared completely, and I have not had it since - and that was 12 years ago. The PYRAMID ENERGY strengthened my IMMUNE SYSTEM enough to PREVENT RA.
- I poisoned myself with photographic chemicals, by not always using tongs or gloves. The TOXIN was in the chemical called potassium ferricyanide. I also made myself dizzy breathing in fumes from a screen printing ink solvent, that contained toluene.
- I got very wrinkled skin and chronic fatigue.
- The top layer of our skin gets replaced by the growing layer underneath every 2 weeks. The skin gets nutrients from the food we eat, but if the Hormones that extract nutrients are not working efficiently, then not enough nutrients get sent to our largest organ, our skin. If you have wrinkled skin, it is not from sunlight or age, it is from lack of nutrients. Skin never gets old, at age 74 my skin is tighter and smoother than it was at 40.
- DEEP WRINKLES are more complex, just because they are deep, and clearly won't smooth out in one day as surface skin wrinkles can. While I can definitely feel my face wrinkles tightening, and a few people have commented on the visible improvement, I still have a way to go, but am looking forward to a future outcome. When Liver Hormones can't break down all Toxins, some get sent to facial Fat to be stored, plumps up Fat tissue and deep wrinkles develop. Even after cosmetic surgery, people still have a 'chubby' look, because excess fat may have been removed, but there are still Toxins in residual Fat tissue.
- Absorbing PYRAMID ENERGY from a Pyramid Pendant can tighten skin from day one of wearing it - because it rejuvenates the Hormones that are needed to extract nutrients.

BONUS - when we absorb PYRAMID ENERGY from a Pyramid Pendant - it Rejuvenates the Hypothalamus Master Gland (as shown on brain scans) - which makes any treatment or medication work quicker and more effectively, especially pain relief.
