

You know someone who has DEMENTIA, and some person told you that it could be treated with PYRAMID ENERGY from a Pendant.

You can't treat any medical condition with PYRAMID ENERGY - because it is not a man made treatment - but Pure NATURE.

But it CAN help PREVENT DEMENTIA occurring, and help REJUVENATE the NEURONS in the Brain, to restore a Normal environment.

- \* HOW and WHY can this be so? It is very clearly explained in detail in Scientific Proof pdf, and also as a Video in About section in menu.
- \* 1stly, need to remember that PYRAMID ENERGY from a Pendant is the same as in Egyptian Pyramids, thousands of years ago. It PREVENTED Toxins, Inflammation and rotting flesh, as well as Rejuvenating pots of whole wheat grains that stayed intact for over 3700 years.
- \* 2ndly, when wearing a Pyramid Pendant - brain scans vividly show the Neurons, or brain cells communicating at Peak Performance - indicating that whatever TOXINS are present - are no longer continuing to disrupt either connectivity of Neurons, Hypothalamus function, or Hormone production.
- \* But there are billions of brain cells / neurons, and there may also be Inflammation and plaque present - so total restoration clearly can't be instant - yet Rejuvenation starts immediately, and is the first step to halting and PREVENTING further DEMENTIA.
- \* All neurological conditions in the brain have similar medical challenges - addressing the damaged neurons, to prevent further deterioration, and how to rejuvenate healthy cells.
- \* But as stated before - Pyramid Energy is never a treatment for any medical condition - so needs to be looked at from a different perspective - that PYRAMID ENERGY is able to Neutralise all TOXINS, without harming healthy cells - AND Rejuvenate cells at the same time. Only Nature can do this, and doesn't need doubt or scepticism by man.
