

Oww.....

RHEUMATOID ARTHRITIS

I suddenly got it 12 years ago,
weakening my IMMUNE SYSTEM.

Oww.....

is a weird horrible pain.
probably from a TOXIN

As soon as I fixed that - my RA went, and never returned.

- * So Painful, and yet so easily Relieved - RHEUMATOID ARTHRITIS is an IMMUNE SYSTEM Dysfunction.
- * Previously, a Healthy Diet could strengthen the Immune System - but nowadays, being exposed to so many TOXINS, including Synthetic Chemicals in food - when some of them get into the Brain - they can disturb the HYPOTHALAMUS Master Gland.
- * The HMG initiates the production of Immune cells - so if it isn't working properly - then improving Immune function becomes challenging.
- * I got RHEUMATOID ARTHRITIS very suddenly, and no one could tell me why - just that it can come at any age, and I was 60 then. One sporty person in my aromatherapy class had RA at 27, and a leader of a famous rock band had to take a break also at 26, but no one believed it was because of RA.
- * It can start just in one finger or thumb, as it did with my sister interstate. When I sent her my latest Pendant, it had the properties of a rare essential oil encoded into it that targets Inflammation - so takes my Pendant to an extra level of healing. My sister sent me a text message back when she received my Pendant - delighted that the pain in her thumb had gone straight away.
- * When I had RHEUMATOID ARTHRITIS it was a very weird and horrible pain. It was painful to bend down and go up and down stairs. It was just before I was researching PYRAMID ENERGY - so I used anti bacterial, anti viral, and anti inflammatory essential plant oils. I rubbed a few drops of these on my legs a couple of times a day. It must have knocked out enough TOXINS to strengthen my Immune System - and the worst of my pain went.
- * RHEUMATOID ARTHRITIS is the same as not catching a cold or flu, or having any other ongoing pain - they can all be PREVENTED if the IMMUNE SYSTEM is up to par.
- * This, of course depends entirely on the HYPOTHALAMUS - not being disturbed by TOXINS.
- * Nature's PYRAMID ENERGY which we absorb from a Pyramid Pendant is Revolutionary - and why shouldn't it be - it is PURE NATURE.
- * The fact that a billionth of a speck of TOXIN can disrupt our Master Gland - why wouldn't a tiny amount of PYRAMID ENERGY be able to Rejuvenate it?
- * We are so conditioned in the notion that every Health issue has to be fixed by a man made treatment - when NATURE can actually help PREVENT it.
