

- * **PREVENTING COLDS and FLU'S is all about having a strong IMMUNE SYSTEM.**
- * **We used to be able to strengthen it with a healthy Diet - but that doesn't work any more.**
- * **IMMUNE SYSTEM Dysfunction is caused by TOXINS disturbing the Hypothalamus Master Gland.**
- * **It might only be a small amount of TOXIN - but if it PREVENTS the Hypothalamus from initiating the production of enough IMMUNE CELLS -**
- * **Then our IMMUNE SYSTEM is not strong enough to fight off any Cold or Flu bug that comes our way.**
- * **I and several people I know - don't ever catch a Cold or Flu - and just take it for granted as normal.**
- * **It seems a shame that over 5000 people have already been hospitalised because of the Flu this year - in our local hospital.**
- * **We can PREVENT Colds and Flu's - by Rejuvenating our Hypothalamus - by wearing a Pyramid Pendant. (see brain scans as scientific proof).**
- * **There is no mystery - just the revolutionary power of NATURE.**
