

## **This Revolutionary PYRAMID LASER - is Star Trek fantasy.**

- \* **It acts as a Linear Particle Accelerator - projecting PYRAMID ENERGY to any distance or depth into the body.**
- \* **It is useful to relieve deep chronic Pain, especially when excess TOXINS are present that are causing the Pain.**
- \* **It is also useful to turbocharge the HYPOTHALAMUS.**
  
- \* **There are no electronic parts, just Quartz Crystal Pyramids inside and completely sealed.**
- \* **PYRAMID ENERGY builds up intensity inside - and shoots out the Pyramid end.**
- \* **I have used it effectively on 3 occasions for toothache. The last time the whole side of my face swelled up and I was in a panic, because it was the weekend and the dentist next door was closed.**
- \* **I moved the Pyramid Laser around for a few minutes - and all the swelling and Pain was gone!**
- \* **On a couple of other occasions I had chronic digestive Pain, and was about to ring for an ambulance. I pointed the laser at the area of Pain, which was deep inside. After just a couple of minutes the Pain was completely gone.**
- \* **The intense PYRAMID ENERGY must have Neutralised the TOXINS that were causing the Pain. I remember my mother was in hospital for 4 days with a similar condition a few years earlier, but they couldn't find anything wrong.**
- \* **That PYRAMID ENERGY is able to Neutralise TOXINS without harming Healthy cells is Revolutionary.**
- \* **I have made a few of them, just in case anyone ever wants one, but most people wouldn't believe it anyway - but that doesn't matter - at least I have a beautiful 1st aid tool for life.**
- \* **The other use is for pointing it at the top of the nose - directly at the HYPOTHALAMUS - to turbocharge that area of the Brain - Neutralising any TOXINS - and Rejuvenating the HYPOTHALAMUS.**
- \* **Star Trek science fiction come true!**
