

- * An **EATING DISORDER** is essentially a **SECURITY BLANKET** - one of several ways people use to cope.
- * It can happen by a **GUT FEELING** of how much you want to **EAT**,
- * It can also be fixed by a **GUT FEELING** - as in **INTUITION**, of **WHAT** you know you can do to **FEEL GOOD ABOUT YOURSELF**.
- * Below, is one very powerful **PHYSICAL**, and one **MENTAL** strategy that helps.

- * Our **DIGESTIVE SYSTEM** is very complex - with many interactions between **Toxins**, **Healthy Bacteria**, **Immune cells** and **Hormones**.
- * Eventually **TOXINS** accumulate and upset the balance, and especially the **Appetite Hormones**. This, of course, can be a significant physical factor, causing **EATING DISORDERS** - and its not your fault.
- * I once read a book by a lady doctor, who experimented with the effects of **GINGER** on the **DIGESTIVE SYSTEM** - on Mice. She found out 2 things:
 1. That **GINGER** helps with **Digestion** of food, partly by increasing blood circulation in that area.
 2. That **GINGER** balances **APPETITE HORMONES** - so that there is no craving for more food, or desire to eat less. This, of course is a significant revelation.
- * If you include **GINGER** root in some of your meals, it will help balance your **APPETITE HORMONES**.
- * If you can't think of enough meals to use **GINGER**, or don't like its taste, there is a more novel and powerful method.
- * If you have a quartz crystal - put a few drops of **GINGER ESSENTIAL OIL** on it. It will absorb the frequencies of the properties of **GINGER** permanently - you only have to do this once. It is much like the early quartz computer chips stored information. **GINGER** essential oil is very cheap. Stick it in the side of your sock, and you will be astounded at the balancing effect it has on your appetite.
- * The best way - is to put a drop of **GINGER ESSENTIAL OIL** on each of your **Pyramid Crystals** on your **Pyramid Pendant**.
- * Now you will have the most powerful **EATING DISORDER PENDANT** in the world!
- * While it is not a treatment, it sure as heck helps.
- * On the **MENTAL** side, as brain scans show - wearing a **Pyramid Pendant** sets up **Peak** condition for **HORMONE** Rejuvenation - which will also help restore the **Appetite Hormones**.
- * So along with putting **GINGER** essential oil on your **Pendant** - you now have a really powerful tool.
- * The final benefit - is that the **Pyramid Pendant** also **Rejuvenates Neurons** in the **LIMBIC** area of the **Brain** - that deals with feelings and emotions, giving you a more balanced emotional state - and positive outlook on life.
- * This is a critical factor in helping you feel good about yourself.
