

- * Many people have tried **SMOKING POT** at least once in their life.
- * Some smoke it occasionally, in a social setting.
- * Some smoke it daily, like an addiction.
- * Only **POSITIVE** benefit is to ease **PAIN** for **CANCER** sufferers.
- * Effects on people partly depends on whether it is grown naturally, or has strong chemicals added during growing time.
- * Some people like it, others don't.
- * Smoking it at parties is like drinking alcohol - a social event - and effects will wear off hours later - and no great harm.
- * Smoking continuously has many harmful effects - by staying in the blood, unbalancing Hormones, and creating Mental issues.
- * Bottom line is that the active ingredient is a **TOXIN** not a Nutrient.
